Meeting ID: 915 2508 4026

Passcode: 273724

Speakers:

Sandra Hyams, APRN PMHNP

JPS Health Network
Department of Psychiatry
Fort Worth, Texas

Lisa McKinney, LMSW

JPS Health Network
Department of Psychiatry
Fort Worth, Texas

Clinical Medical Director: Nanette Allison, DO

Objectives

Those attending this presentation will receive information that should allow them to:

- Define and describe substance use disorder (SUD) in adolescents
- Discuss the warning signs and effects of substance use
- Describe evidenced based assessment tools and guidelines for children & adolescents
- Discuss pharmacologic and therapeutic treatment options for SUD

Off Label Uses: Because this course is meant to educate healthcare providers with what is currently in use and what may be available in the future, there may be "off-label" or unapproved uses discussed in the presentation.

Disclosure: It is the policy of the ACCME that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speaker's presentations. Each speaker has been requested to complete a Disclosure Form. The names of faculty members declaring potential conflict of interest or off-label discussion will be shown in the handout materials.

Fee

There is no charge to attend this activity.

Target Audience

Physicians, nurse practitioners, physician assistants, social workers, licensed professional counselors

Other health care professionals will receive a certificate of attendance.

Concepts and Methods

This series will consist of presentations which may include: clinical presentations of current diagnostic treatment and management methods, and question and answer periods which will assist healthcare providers with patient care.

Accreditation Statements

Physicians

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of North Texas Health Science Center, and the Child Psychiatry Access Network.
