Managing Complex ADHD in Pediatric Primary Care

Speaker:

Lisa Falls, MD

Associate Professor, Department of Psychiatry and Behavioral Health
Child & Adolescent Division, The University of Texas Medical Branch

OBJECTIVES:

At the end of this presentation, participants should have increased information to develop a systematic approach to evaluation of ADHD that ultimately will assist in the treatment of complex ADHD, list at least two potential side effects of first line ADHD treatments and at least two potential treatment options, and identify at least two comorbid disorders and their impact on initial treatment options

This series is designed for physicians, residents and medical students and is available to other healthcare professionals with an interest in the program being presented.

The University of Texas at Tyler Health Science Center designates this live educational activity for a maximum of **1.0 AMA PRA Category 1 credit**™.

Nurses who attend the entire live educational activity and submit a completed evaluation will receive 1 contact hours.

Participants should only claim credit commensurate with the extent of their participation in the activity.

The University of Texas at Tyler Health Science Center is accredited by the Texas Medical Association to provide continuing medical education for physicians.

The University of Texas at Tyler is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation
