Projects in Process

- Assessment Automation – Launched in Feb. Provided training and support for teams.
- Intermediate Services– Work group meeting and making progress to create strong workflow for integration.
- TEA and ESCs – Working with HRIs, ESCs and TEA to continue to engage with schools, and look at ways to create stronger links and support TCHATT and schools in service delivery. Planning around potential growth and expansions for schools that may be impacted by funding changes.
- Conferences - Working with HRIs to support conference participation to promote awareness of TCHATT and outreach to help teams needing to hire for open positions.
- Trayt – Streamlining note workflow – working with HRIs, IE, UTS to improve workflow and maintain data collection integrity.
- Training and support – providing training for HRIs with new leaders joining the team. Also working to identify training needs to create statewide training plan for HRIs.
