TCMHCC All Programs Policy Governance Process

TCMHCC Executive Committee Meeting

May 19, 2025

Policy Outline

This policy sets forth a governance process for creation of policies applicable for all Consortium programming.
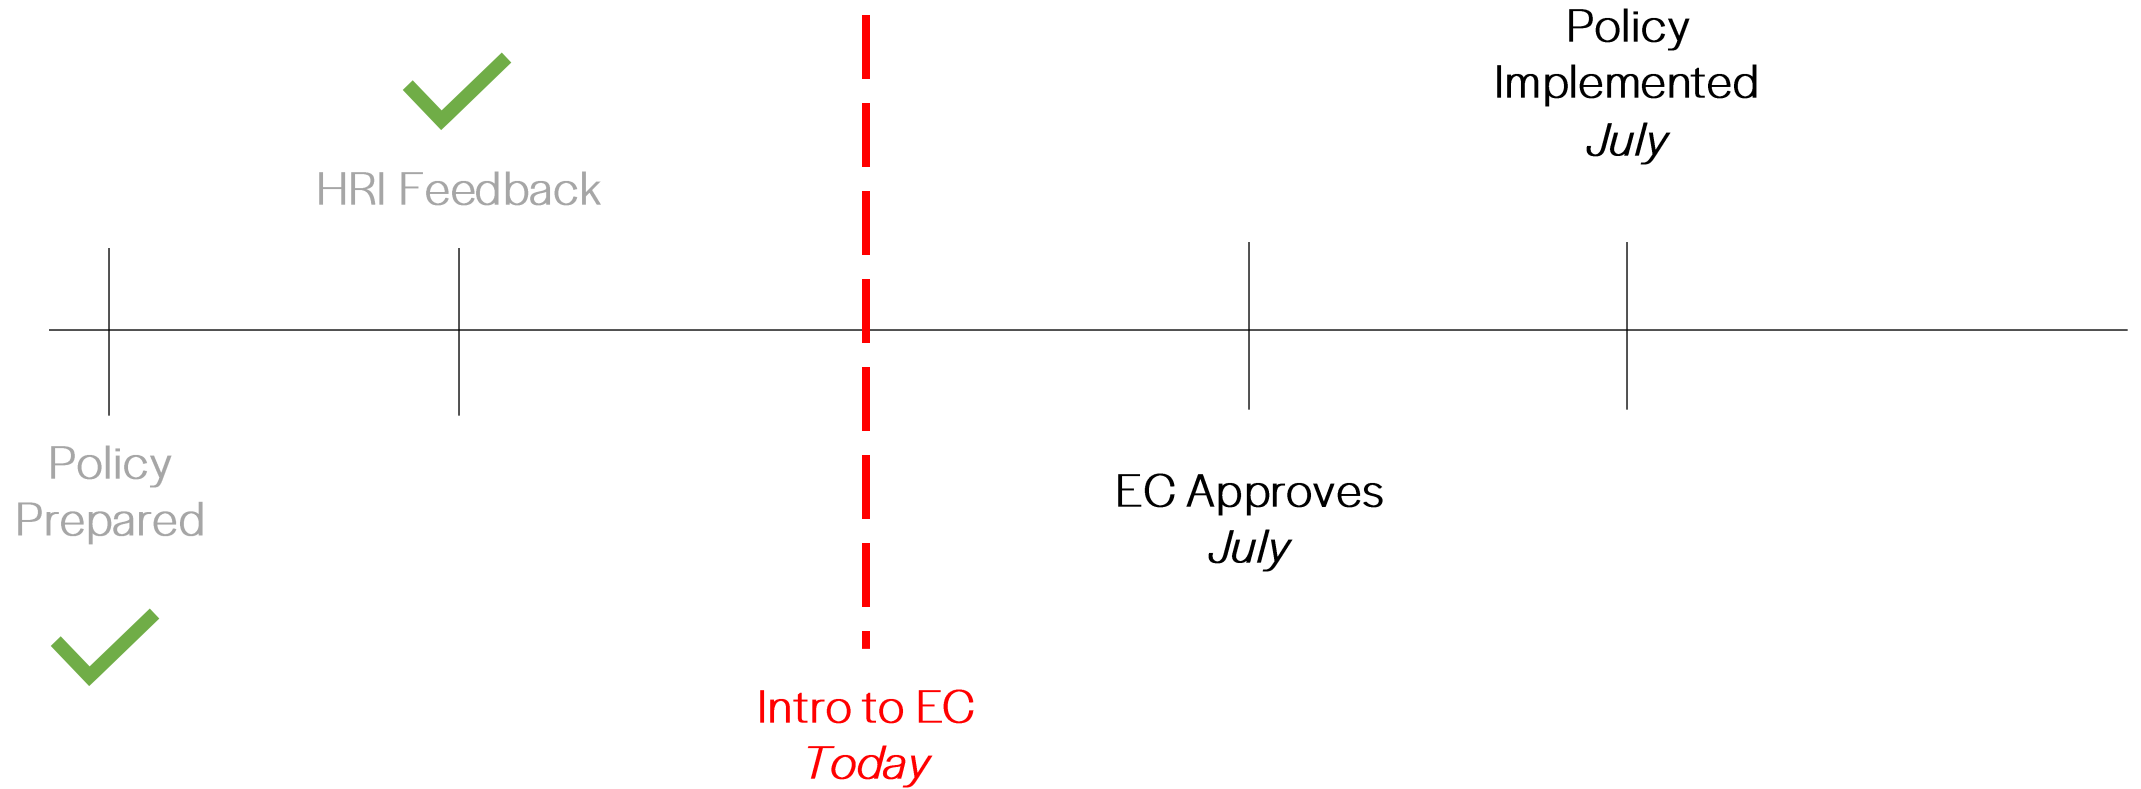

The policy covers:

- Issue identification and the policy development process

- Implementation of policies and procedures

- Deliverables

- Review of policies biannually

Policy Outline

This policy sets forth requirements and guidelines for psychiatry shift roles and coverage for CPAN/PeriPAN phone consultations from other health-related institutions.

The policy covers:

- Psychiatrists' role while on shift

- Expectations for requesting coverage support due to vacation, illness or current consultations

- Incidences in which an HRI may request coverage support of another HRI and the process of requesting this coverage support

- Monitoring of outside coverage requests and missed phone consultations
