Data Dissemination Policy

TCMHCC Executive Committee Meeting
July 31, 2025

Policy Outline

This policy sets forth requirements and guidelines for the dissemination of Consortium data and data reports.

The policy covers:

- Data dashboards
- Data reports
- Access to and dissemination of data

tcmhcc
Texas Child Mental
Health Care Consortium

Key Changes

- This is a new policy.
- UT System will provide each HRI with data dashboards, measures, and reports on a regular basis.
- Internal and External Evaluation teams will prepare these data deliverables.
- UT System and Program Medical Directors/hubs will incorporate data in discussions with HRIs.
- Designated individuals within each HRI will have access to dashboards and reports.
- Requests to share dashboards/reports/data outside of the HRI must be submitted to UT System.

Key Changes

- UT System and Internal/External Evaluation staff will have access to all dashboards/reports.
- Medical Directors/hubs and COSH will have access to the dashboards and reports of the program(s) they support.
- HRIs will only have access to their HRI's and statewide data.
- One HRI's data must not be shared with other HRIs without permission from the HRI's leadership.

Timeline
