

External Evaluation Updates

Lara Savas, PhD and Melissa Peskin, PhD

TCMHCC Executive Committee Meeting - March 30, 2026

PeriPAN Interviews

Goal: Understand how PeriPAN is implemented across HRIs and identify opportunities to strengthen delivery.

Key Areas Explored:

- Implementation workflows
- Outreach, recruitment, and engagement strategies
- Service delivery models
- Barriers and facilitators

Timeline: Interviews conducted in March 2026; analysis underway

TCHATT School Liaison Survey

Goal: Assess implementation at the school level and examine intermediate outcomes to inform program improvement

Key Measures

- Characteristics of users
- Intermediate outcomes from logic model
- Fidelity to core implementation strategies
- Implementation context (e.g., readiness, communication, training, engagement)

Timeline: March-April 2026

CPWE Trainee Survey & Logic Model

Survey of CPWE Trainee Outcomes

Goal: Assess the impact of the CPWE program on clinical preparedness, career trajectories, and workforce development among past trainees

Timeline: March-April 2026

CPWE Logic Model

Goal: Define program structure, key activities, and intended outcomes to guide evaluation, data collection, and alignment of measures

Timeline: Will be shared at the next Executive Committee meeting

FY25 Individual HRI Reports

Goal: Share key findings and provide actionable feedback to strengthen implementation

Data Sources

- TCHATT: School liaison survey; HRI interviews
- CPAN: Provider survey; direct consultation survey; HRI interviews

Approach

- Findings stratified by HRI geographic classification (rural, urban, mixed)
- Includes context-specific insights and recommendations

Timeline: April 2026
